TRUSTEES' MEETING

CONTRACT ACCEPTING GREY TRACT FOR PARK PURPOSES APPROVED

The Board assembled at 8:10 p. m. February 5, 1920. All members were present. The minutes of the regular meeting of January 29, 1920, were read and approved.

Mr. L. C. Orndorff, in a written communication to the Board, requested that he be allowed to take over the garbage contract between the City of Glendale and Carpi Bros., and requested that a new contract be entered into on practically the same conditions. On motion of Trustee Woodberry, the Board accepted tentatively the proposition, the new contract to be prepared and presented later.

A petition was presented to the Board, signed by Clara M. Peters and sixty-eight other residents of West Broadway and vicinity, requesting that the Board refuse to make or pass an ordinance creating what is known as the industrial district in the present proposed location. The petition expressed the opinion of those presenting it that the establishment of the district would damage rather than benefit them. Mrs. Peters and other interested parties addressed the Board, a large delegation of interested citizens being present, and the matter was considered at considerable length. It was informally agreed that some change be made in the boundary of the proposed district, and the matter went over until the next regular meeting.

The matter of the removal of a pepper tree from the parkway on Kenwood Street, north of Broadway, was brought up at this time. The representative of the Standard Oil Company repeated his request for permission to remove the tree, as it interferes with the improvements being made by the company on this

COMMENCEMENT

MIDWINTER CLASS OF UNION HIGH GRADUATED WITH IMPRESSIVE EXERCISES

To the surprise of those present at the commencement exercises for Class A of the 1920 graduates of Glendale Union High which took place Thursday evening, the auditorium was comfortably filled but not crowded. Knowing the limitations of the room many who doubtless would have attended had they felt sure of securing a seat, remained away.

The program, which was one of unusual excellence, opened as it customarily does, with a processional, "March Militaire," played by the school orchestra, under the leadership of Mrs. Dora Gibson, and to its measures the members of the graduating class marched from the rear of the auditorium to the stage, objects of the admiring and affectionate gaze of assembled friends and relatives. The girls were, of course, dressed in white and wore corsage bouquets of the class flower—the daffodil. They looked very sweet and girlish, while the boys wore an air of high resolve and alert expectation as though they did not intend to let anything worth while get by them. There were eleven in the procession: Gerald S. Toll, Francis Bacon, Clarence E. Glaze, Walter W. Howland, Arthur Walter Higby, Harold Raymond Williams, Murray Longley, Louise Stebbings, Elma Ruth Kennedy, Grace Aloysia Goudie, and Jessie Louanna McNary. Gerald Toll, as president of the class, had a place of honor in the center of the stage, the other officers being: Louanna McNary, vice president; Murray Longley, secretary; Louise Stebbings, Treasurer. A pretty stage setting had been provided in floral decorations. Huge jars of acacia bloom furnished a background, the front of the stage being framed with asparagus fern with the gilded figures 1920 suspended from the center, while on either side of the platform were more jars of acacia.

Pretty girls who had been selected from those who will be Class B. Seniors next term, Misses Dorothy Wood, Dorothy Cramer, Muriel Theobald, Millicent Alvord, Margaret Frazee, Agnes Thaxter, Hilda Farley and Irmadene Bowen, seated the audience.

When the graduates were in their places twenty-four young women of the school constituting the Girls' Glee Club, directed by Mrs. Gibson,

AMERICAN LEGION

LAST NIGHT'S MEETING BEST YET; 22 NEW MEMBERS TAKEN IN

Glendale Post, American Legion, held a rousing meeting last night, which was the best ever. Nearly 100 were present, including two honorary members, C. D. Thom, Exalted Ruler of the Elks' Lodge, and Joe Griffin, both of whom made short talks which were greatly appreciated. Joe, who has next Tuesday evening's vaudeville entertainment in charge, told of his plans for the same, and of his success in securing attractive talent for the program. The headliner, he said, will be "Gentleman Jim Corbett," as he was called during his boxing career. Corbett, who was heavyweight champion for several years, is having wonderful success as a film actor, said Mr. Griffin. He is a charming entertainer and is always glad to favor the American Legion.

Judge Lowe, City Recorder, was present as a representative of Mayor Muhleman, to present to the Post the city's service flag. He said opportunity knocks once at every man's door and this was his knock. He spoke of the great service rendered the country and the signal honor conferred on the City of Glendale by the boys represented by the stars on the flag and he was sure the appropriate custodian of this honored emblem is Glendale Post, American Legion.

Chairman Bowen of the Burbank Post was present as a guest and he made a very interesting address to the boys, during which he advocated an Inter Post Council of the San Fernando Valley, before which should come for discussion every movement for the good of the Valley, that concerted action might be taken. This suggestion met with unanimous endorsement by the Glendale Post.

Twenty-two new members were initiated and at the close of the business meeting refreshments were served. The new furnishings of the hall were in place and were greatly admired by all present.

INSTALL MASTER MODEL ROYALS

The Glendale Evening News has just standardized its typewriting equipment by installing five Master Model No. 10 Royals, the latest word in typewriting efficiency. We have used older models of this machine for the past fifteen years and their performance has justified us in this move. The machines were purchased through the Page Typewriter Exchange of 625 South Spring Street, Los Angeles. Mr. Page buys, sells, rents and repairs all makes of typewriters and has the exclusive agency for the Royal. He has been installing a number of these machines in Glendale recently.

A FINE HATCH

MRS. GEORGE M. BALLENTYNE GETS NEARLY 1400 CHICKS FROM 1500 EGGS SET

Mrs. George M. Ballentyne of 1236 South Glendale Avenue, who is a poultry raiser, feels very proud of the hatch she has just secured from her incubators—nearly 1400 chicks from 1500 eggs, all of which have been contracted for as day-old chicks. She has another hatch coming off the latter part of the month which are likewise sold in advance for the most part, and three hatches planned for March, one for herself and two for other people. She will also have a hatch for herself in April. By experimentation she has learned that chickens hatched in March and April have little or no moult and are therefore ready to lay early in the fall. One of her last year's fall-laying pullets produced her first egg when four months and one week old and laid five eggs in seven days, a very unusual record. Mrs. Ballentyne is planning to have three different lots of pullets and to have a stock of one thousand to twelve hundred pullets for her own yards. She will also keep 600 breeders for next year. She uses Leghorns crossed with one-fourth Minorca blood, which she says produces larger birds, larger eggs and stronger hens than the Leghorn alone.

WEATHER FORECAST: Fair tonight and Saturday. No important change in temperature.

CRITICAL EUROPEAN SITUATION

FRANK VANDERLIP POINTS OUT HOW FOREIGN EXCHANGE DECLINE CAN BE RIGHTED

(Special Service to Glendale Evening News)

NEW YORK, Feb. 6.—(Copyrighted by United Press.)—Frank A. Vanderlip, who first called attention to Europe's serious economic decline a few months ago, declared in a statement to the United Press today that the foreign exchange situation can be righted and Europe put back on its feet only if the Europeans will go to work. But Europe can do this only if America supplies food and raw materials, Vanderlip said.

"This is the first move necessary to help the exchange rates to recover. The present decline in exchange will check our exports. It is possible that the check may occur very shortly. To a considerable extent our ships are now going to Europe without full cargoes. Last year we exported eight billion dollars' worth of goods and the trade balance in our favor was four billions. In pre-war days a trade balance of six hundred million dollars for us was a top figure. These figures indicate that if the checking of our foreign exports goes far enough, it will result in a jar that will pile up cotton, agricultural products and manufactured goods.

"The present situation is creating idleness and hunger among the Europeans and these are the principal factors in developing political unrest. We can say to Europe: 'We will stop our wild extravagance, comprehend the seriousness of the situation, and have decided it is time for us to help our neighbors.'"

CHEAP MEXICAN OIL

AN OKLAHOMA-TEXAS ASSOCIATION ASKS CARRANZA TO INCREASE TAXES TO REDUCE COMPETITION

(Special Service to Glendale Evening News)

MEXICO CITY, Feb. 6.—"The Oklahoma and Texas Oil Association" has written President Carranza asking him to increase the taxes on Mexican oil claiming that the oil enters the United States at a cheap price and is causing unfair competition with American oil companies.

NOMINATIONS BY PRESIDENT WILSON

APPOINTEES TO INTERSTATE COMMERCE COMMISSION AND U. S. SHIPPING BOARD

(Special Service to Glendale Evening News)

WASHINGTON, Feb. 6.—President Wilson today sent the following nominations to the Senate: To be a member of the Interstate Commerce Commission, Henry C. Stuart, former governor of Virginia; to be a member of the United States Shipping Board, Louis Titus, of San Francisco, a Republican attorney.

FOREIGN EXCHANGE RECOVERING

BRITISH POUND STERLING MAKES ADVANCE OF 20 CENTS OVER LOW MARK OF WEDNESDAY

(Special Service to Glendale Evening News)

NEW YORK, Feb. 6.—Allied exchange which has dropped in value badly in the last few days, developed strength at the opening of the money market today and recovered rapidly. The British pound esterling opened at $3.34 an advance of 5c from the previous close. It then rose 5c more to $3.39 representing a jump of 20c from the low level it reached on Wednesday. The French franc was quoted at 14.32.

BOLD TREASON

TEN THOUSAND VIOLENT RADICALS DECLARED TO BE OPENLY ADVOCATING OVERTHROW OF U. S. GOV'T.

(Special Service to Glendale Evening News)

WASHINGTON, Feb. 6.—"Ten thousand violent radicals are daily advocating the overthrow of our government and the establishment of a dictatorship such as exists in Russia," Attorney General Newton of New York told the House judiciary committee today in urging the passage by Congress of sedition legislation.

"The efforts of these radicals are encouraged and their aims boldly glorified by a press which is equally radical," he declared.

BISBEE DEFENDANTS MAY GO FREE

LACK OF SUFFICIENT MEN FOR JURY SERVICE MAY PREVENT TRIAL OF MAJORITY

(Special Service to Glendale Evening News)

TOMBSTONE, Ariz., Feb. 6.—Cochise county today realized that it probably never will be able to try individually the great majority of the defendants in the Bisbee deportation cases. The shortage of men available for jury service is so apparent that attorneys believe not more than eight or ten defendants can ever be brought to trial. The jury list is rapidly fading away. Court sessions will resume next Tuesday.

AT LAST A PARK

NEGOTIATIONS COMPLETED FOR ESTABLISHING A PARK IN NORTHWEST SECTION

Final papers were signed last night concluding negotiations between the city trustees and J. R. Gray whereby a park site is secured for the northwest section of Glendale. This site is one of ten acres and it lies just west of the present terminus of Patterson Avenue. Two deeds were delivered to the city by Mr. Gray, one for the park proper and the other for a 60-foot wide roadway along its southern border which will be a continuation of Patterson Avenue. It is planned by the city to eventually extend Patterson northwest to join San Fernando road near the city pumping plant, crossing the Wash on an ornamental concrete bridge. This will also be an outlet for Concord Street to the north.

A roadway in the form of a bent bow will be built through the park, leaving Patterson at the southeast corner and entering it again at the southwest corner of the park. The section enclosed by this and Patterson Avenue will be devoted to a lawn and flowers. Back of this will be set out many varieties of shade trees. On the west side, occupying a space sixty feet wide, will be an auto camp and in the northeast corner a swimming pool and space for athletic games. A triangular piece of ground containing an acre, bounded on the northwest by the Wash and on the south by the main park section, will be added to the grounds through a deed of gift by the owners. The city plans to spend $2500 a year on developing and improving the park grounds, which for the present will be under the jurisdiction of the City Forester. The sum mentioned will be included in the city's annual budget.

It is the policy of the city administration to acquire and develop other park sites in advantageous locations whenever conditions are favorable.

D. A. R. MEETING

RECEPTION FOR STATE REGENT AND FLAG DAY PROGRAM A FEATURE

The regular meeting of the Richard Gridley Chapter of the D. A. R., which was held Thursday afternoon at the home of the regent, Mrs. J. H. Braly on North Brand Boulevard, was one of unusual interest. Mrs. Harshberger, the State Regent-elect, who has come from San Francisco to attend the State Convention, to be held next week in Los Angeles, was present and brought greetings from the North. She spoke in a general way about the work of the order and the advisability of each chapter having an individuality of its own and taking up the work to which it is best adapted.

Mrs. Fellows, regent of the Cabrillo Chapter in Los Angeles, was also a guest, and brought greetings from her organization.

Mrs. Wells, sister of the hostess, who has been prominent in the D. A. R. of Minnesota, made a brief talk on "Americanization" as the keynote of the D. A. R.

A Flag Day program, of which Mrs. Leppelman had charge, was then given. Mrs. Rathbun then played the "Star Spangled Banner," and Mrs. Follansbee read the words and dwelt on the requirement of the order that every member shall commit to memory the words of our national hymn and of "America." Mrs. Pierce read an article on the meaning of the flag and Mrs. Follansbee read "The Flag of Opportunity," by Edward Guest. Mrs. T. W. Preston told of a number of dramatic incidents connected with the Stars and Stripes during the early years, after it had been adopted and during the recent war, and Mrs. Follansbee read "Talk Nothing but America." Mrs. Leppelman spoke of the flag law and said the D. A. R. is trying to put a framed copy of the law in every school and library. Mr. Braly talked briefly about our national flag and about the state flag of California.

The usual collection was taken for the Maternity Hospital, amounting to almost $20, and a social hour followed in the nature of a reception to Mrs. Harshberger, and the customary refreshments of tea and cake were served. About fifty members and guests were present.

HAS SAD EXPERIENCE

LIEUT. WALTER HAWKINS WAS PILOTING AIRPLANE FROM WHICH FILM ACTOR FELL

Lieut. Walter Hawkins, who recently held a four days' flying session just south of the city limits, during which more than 50 Glendale people enjoyed brief flights, had a very sad experience yesterday. He was piloting the plane on which Earl Burgess was doing daring stunts for a movie company while from another plane hovering near, photographic films were made. Burgess either became exhausted by his efforts or was seized with an attack of vertigo and fell 500 feet, striking some high tension wires when 50 feet in air, short circuiting two of them, then dropped to the ground. He was killed instantly. No blame was attached to Lieut. Hawkins, his father, Joe Hawkins of Glendale, says. He could see nothing that was going on and the removal of Burgess' weight from the wing on which he was performing, was his first intimation that anything was wrong.

BUILDING PERMITS SHOW NO FALLING OFF

For the first four business days of February the building permits totaled the sum of nearly $40,000. This represented a large number of medium priced residences, the largest amount named being $4600. Most of the houses called for in these permits are of five rooms, and they are pretty well distributed over the city, the section north of Broadway showing the greatest number, however.

MRS. M. D. LEARNED

HER DEATH A SERIOUS BLOW TO THE CHURCH SHE HAD SERVED SO FAITHFULLY

The many friends of Mrs. Emma L. C. Learned were grieved to hear of her death on Wednesday morning at her home, 136 North Jackson Street. She had been ill for three weeks, although for some months she had been having recurrent attacks of heart trouble which greatly weakened her, and the end came suddenly and peacefully.

Mrs. Learned was born in Unity, New Hampshire, January 19, 1852, the daughter of Robert and Mary Cochran. Her early life was spent in Vineland, New Jersey, and in December, 1892, she came to California to keep house for her brother, who had a ranch at Cucamonga. In February, 1894, she married M. Deroy Learned, later moving to Monrovia. When the present Glendale Sanitarium property was purchased in 1904, they were among the very first to come here to build up the work, and since that time have been earnest, faithful laborers in sanitarium, church and school. The work done by Mrs. Learned during the early days of the sanitarium, when the equipment and all facilities for giving treatments were very limited, has always been greatly appreciated by those who were co-workers. Her death will be a sorrow to those who always found her a sympathetic friend in all their troubles, for she was ever ready to give a helping hand to those in sorrow or distress of any kind, and her words of courage and cheer have brightened the way for many who were homesick or discouraged. She was a life member of the Seventh-day Adventist church, was a charter member of the church in this city, and for several years has been its treasurer, a position she has worthily filled. She has always contributed largely to the various branches of the church work, and since she gave up sanitarium work her interest has centered in the upbuilding of the church school. No one connected with all the various activities of the church will be so greatly missed, as she was one of the best known members, with a large circle of friends here and in neighboring towns.

Beside her husband and his, two daughters, she leaves a sister, Mrs. W. H. L. Baker of Warburton, Victoria, Australia, and a brother, A. R. Cochran of Pentwater, Mich. She also had several nephews and nieces living in this vicinity. The funeral services will be held Saturday, February 7th, at the First Baptist Church, corner Louise and Wilson Avenue, at 1:30 p. m., the L. G. Scovern Undertaking Company in charge. Elder Snyder, formerly pastor of the Seventh-day Adventist church here, will officiate.

HOLLAND OPENS GUNS AGAINST ZUYDER ZEE

AMSTERDAM. — (By Mail).—Holland's war against her traditional enemy—the sea—is on in earnest. Work has been begun on the huge dyke that will sever the North Sea from the Zuyder Zee, making the latter a lake from which the water will later be pumped. The resulting reclaimed land will be at least 850 square miles.

An army of workmen are engaged on the enormous work, which, it is predicted, will last from twenty to thirty-five years. The pre-war estimate of the cost was $80,000,000, but it is now believed it can not be accomplished for less than $125,000,000.

The government authorized bond issues to raise funds for the work, expecting the revenue from reclaimed land to pay both principal and interest soon after the water has been drawn out and farms established in the old bed of the shallow Zuyder Zee.

The plans call for construction of huge concrete blocks to be laid on the bottom of the sea-arm the entire length of the dyke, from the island of Wieringen to Piaam, on the Frisian coast. The distance is about 20 miles. On this concrete foundation will be piled rock clay, sand and concrete until the dyke is built from seven to ten feet above sea level. It is planned to lay a double track railroad along the top of the dyke to be used in later construction and finally for traffic from northeast to southwest Holland.

In the meantime similar but smaller dykes will have been constructed through the lake, dividing it into five sections. The water will then be pumped out of each section, the ground allowed to dry and then it will be cut up into farms enough to support a population of 300,000. The reclaimed territory will comprise a new and separate province of the Netherlands.

The picturesque little island of Marken, long known and loved by tourists, will appear as a hill in the flat country that will be left when the water has been driven away. The little villages of fishermen will disappear as such and the inhabitants will either have to enter other trades or move their shanties to another sea.

At peace with men for generations, Holland has been fighting the sea ceaselessly with varying fortunes. Since 1848 the present plan has been under discussion. Dozens of schemes have been proposed since that time and book after book has been printed, filled with data pro and con. The Dutch parliament passed the bill authorizing the undertaking of the vast work in 1918.

Several times the country has been overwhelmed by the treacherous enemy. In 1421 the sea swept over the dykes and submerged parts of South Holland, formerly one of the richest in the kingdom, and to this day the land there has not been reclaimed.

IDAHO PEACE OFFICERS MEET

BOISE, Idaho, Feb. 6.—(United Press).—Idaho's peace officers met here today in a school of instruction. Robert O. Jones, commissioner of law enforcement, and head of the state constabulary, called the meeting with the object of gaining closer co-operation.

Attending the convention were sheriffs, police chiefs, representatives of U. S. marshals and revenue officers.

Jones planned to outline details of a new finger print system which will be statewide.

The meeting practically was representative of the entire state constabulary, for each of the state officers attending can be called into that body on a moment's notice. Idaho is the first western state to have the constabulary. It has proved effective in rounding up radicals.

Special: Be calm, madam. They've driven off the Zeppelins.

Young Mother: O constable, dare I venture to take baby out of the safe?—Punch.

NOTICE OF DISSOLUTION OF PARTNERSHIP

PUBLIC NOTICE IS HEREBY GIVEN, that the partnership known as PHILLIPS HEATING, VENTILATING AND MFG. CO., with offices at 1224 South Figueroa Street, Los Angeles, California, composed of LUCIUS A. PHILLIPS and VENA P. MARTIN, has on this the 14th day of January, 1920, by mutual agreement, been dissolved and terminated.

Given under our hands this the 14th day of January, 1920.

LUCIUS A. PHILLIPS,
VENA P. MARTIN.

STATE OF CALIFORNIA,)
(SS.
COUNTY OF LOS ANGELES.)

On this 14th day of January, A. D., 1920, before me, ANNA E. BINGHAM, a Notary Public in and for the said County and State, residing therein, duly commissioned and sworn, personally appeared LUCIUS A. PHILLIPS and VENA P. MARTIN, known to me to be the persons whose names are subscribed to the within Instrument, and acknowledged to me that they executed the same.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed my official seal the day and year in this Certificate first above written.

(SEAL) ANNA E. BINGHAM,
Notary Public in and for said County and State of California.

PATHETIC WAR INCIDENT

Lieutenant Turner of Saskatchewan lost his eyesight at Ypres. Some time ago he was taking his coat from the checker in a prominent London restaurant when a man beside him, noticing his blindness, took it gently from him and held it while he slipped his arms into the sleeves. Believing the service was rendered by an attendant, Lieutenant Turner offered him a shilling as a tip.

"That won't be necessary," kindly said a friend of the lieutenant, with an apologetic nod to the man who had held the coat. "The man who helped you was General ——"

The blind soldier blushed and asked the pardon of the general, but the latter was equal to the occasion.

"I won't accept your apology, but I'll accept your shilling and I'll treasure it as a souvenir of one of the best soldiers who ever fought for Canada and the Allies."

JAZZ

Put a whole band in a giant popper, hold it over the glowing coals of an ample crater, and, shaking well, command it to make some jolly music—the production would be true to jazz form: the wheezes of the scorching horns; the popping of the overheated drumheads; the groans and pleadings of the musicians, with now and then a pure silvery note from a thoroughbred piper who cared not a rap that he was to be roasted for his art; the ravings of the crowd looking on; dervishes and holy-rollers expressing themselves; the chuckles of a few cannibals; and over all the raucous imperturbability of old horse-fiddles. . . . That would be a jazz band.—New York Evening Post.

Ruth is an alchemist, I know,
And so I'll have to drop her,
For every time I'm out with her
My silver turns to copper.
—Widow.

Florence (reading war news)—It says here that General Foch is a master of tactics.

Her Hubby—Yes, he's a great master of the proper disposition of his troops.

Florence—I have often wondered what made them so good-natured.—Cartoons Magazine

VIENNA.—A gourmand has no redress against a profiteer, according to a decision handed down here. Rolf Zimmermann, government official, charged profiteering against a restaurant, but hearing that he ordered soup, roast beef, roast veal, a pork chop, half a pheasant, a quarter of a fowl, two sausages with sauerkraut, three apple tarts and a fig pudding, the judge dismissed the case.

Maud: What makes Carol so disliked?

Beatrix: She got the most votes for being popular.—Life.

Let us do your next washing—free!

Let us bring a BlueBird Electric Clothes Washer to your home and have it to do your next washing—free.

See for yourself how *clean* BlueBird will wash your clothes. See how easy it is to always have plenty of clean linen. See how you can do away with the drudgery of washday, which saps your strength and health and happiness. Even the wringing is done by motor.

Clothes last five times longer when washed the BlueBird way, for there is nothing to wear and tear them while washing.

Costs but a few cents weekly to operate.

You can keep the BlueBird for a small initial payment, and there's not the slightest obligation expressed by the free demonstration. We'll gladly make an appointment at your convenience.

Phone us today. Have this beautiful cabinet washer in your own home wash your own clothes.

See these BlueBird superiorities:

Handsome white enamel cabinet; table top; all mechanism protected.

Heavy copper, extra large tub, can't discolor clothes. Inside perfectly smooth; nothing to wear or tear things.

Washes by perfect rock-a-bye action; quickest, most thoroughway.

Built for a life-time of service: extra strong, rigid frame; simple, dependable mechanism.

Large, power driven wringer, swings to any position; adjusts automatically for light or heavy things.

Highest grade guaranteed motor—powerful, dependable.

ELECTRIC CLOTHES WASHER

NOTICE OF HIGH SCHOOL BOND ELECTION

Notice is hereby given to the qualified electors of Glendale Union High School District of Los Angeles County, California, that in accordance with the provisions of the Political Code of the State of California, an election will be held on the

27th Day of February, 1920,

at the polling places named in the hereinafter designated precincts in said High School District, between the hours of 8:00 a. m. and 6:00 p. m. (during which period and between which hours the polls shall remain open), for the purpose of voting upon the question of issuing and selling bonds of said High School District to the amount of Four Hundred Twenty-five Thousand Dollars, for the purpose of raising money for purchasing High School lots, for building or purchasing one or more High School buildings, or making alterations or additions to the High School building or buildings, for insuring High School buildings, for supplying High School buildings with furniture or necessary apparatus and for improving the grounds.

The said bonds proposed to be issued and sold shall be of the denomination of One Thousand Dollars each, and shall bear interest at the rate of five per cent per annum, payable annually, and shall be numbered from 1 to 425 consecutively as follows, to-wit:

Bonds Nos. 1 to 10 inclusive, each One Thousand Dollars, to run 1 year,
Bonds Nos. 11 to 20 inclusive, each One Thousand Dollars, to run 2 years,
Bonds Nos. 21 to 30 inclusive, each One Thousand Dollars, to run 3 years,
Bonds Nos. 31 to 40 inclusive, each One Thousand Dollars, to run 4 years,
Bonds Nos. 41 to 50 inclusive, each One Thousand Dollars, to run 5 years,
Bonds Nos. 51 to 60 inclusive, each One Thousand Dollars, to run 6 years,
Bonds Nos. 61 to 70 inclusive, each One Thousand Dollars, to run 7 years,
Bonds Nos. 71 to 80 inclusive, each One Thousand Dollars, to run 8 years,
Bonds Nos. 81 to 90 inclusive, each One Thousand Dollars, to run 9 years,
Bonds Nos. 91 to 100 inclusive, each One Thousand Dollars, to run 10 years,
Bonds Nos. 101 to 110 inclusive, each One Thousand Dollars, to run 11 years,
Bonds Nos. 111 to 120 inclusive, each One Thousand Dollars, to run 12 years,
Bonds Nos. 121 to 130 inclusive, each One Thousand Dollars, to run 13 years,
Bonds Nos. 131 to 140 inclusive, each One Thousand Dollars, to run 14 years,
Bonds Nos. 141 to 150 inclusive, each One Thousand Dollars, to run 15 years,
Bonds Nos. 151 to 161 inclusive, each One Thousand Dollars, to run 16 years,
Bonds Nos. 162 to 172 inclusive, each One Thousand Dollars, to run 17 years,
Bonds Nos. 173 to 183 inclusive, each One Thousand Dollars, to run 18 years,

That for the purpose of holding said election, the said Glendale Union High School District shall be and it is hereby divided into four High School bond election precincts, designated as follows, towit:

Crescenta Precinct, Eagle Rock City Precinct, Glendale City Precinct, Glorietta Precinct. The said precincts, with their respective polling places and officers of election, shall be as follows:

CRESCENTA PRECINCT

Shall consist of all that portion of the Glendale Union High School District included within Crescenta School District. The polling place therein shall be the Crescenta School, and the officers of election shall be as follows:

Inspector: A. M. E. Schultz.
Judges: L. A. Potter, Rose G. Nettleton.

EAGLE ROCK CITY PRECINCT

Shall consist of all that portion of the Glendale Union High School District included within Eagle Rock City School District. The polling place therein shall be the Central School in said district, and the officers of election shall be as follows:

Inspector: G. N. Sprague.
Judges: Carrie A. Roberts, Mrs. A. Putnam.

GLENDALE CITY PRECINCT

Shall consist of all that portion of the Glendale Union High School District included within Glendale City School District. The polling place therein shall be the Glendale Union High School, and the officers of election shall be as follows:

Inspector: Wesley H. Bullis.
Judges: Joseph E. Henderson, Cora Hickman.

GLORIETTA PRECINCT

Shall consist of all that portion of the Glendale Union High School District included within Glorietta School District. The polling place therein shall be the Glorietta School, and the officers of election shall be as follows:

Inspector: Mrs. Mary B. Woodruf.
Judges: Mrs. Elizabeth Darlington, Mr. Frank O. Hough.

The said Inspector and Judges, above named, being competent and qualified electors of Glendale Union High School District, shall conduct such election at the time and in the respective places above set forth, and shall make return thereof pursuant to law. Each qualified elector of said Union Hign School District shall be entitled to vote only in the High School bond election precinct of which he is a resident.

IN WITNESS WHEREOF, we have hereunto set our hands this 5th day of February, 1920.

Hartley Shaw, Dr. A. L. Bryant, Claude O. Pulliam, Dan Campbell, Blanche A. Gardiner.

High School Board of Glendale Union High School District, Los Angeles County, California.

TRUSTEES' MEETING

(Continued from Page 1)

property. A motion of Trustee Henry to grant the permit failed to meet with a second, and no action was taken.

Demands were presented and referred to the Finance Committee. The Finance Committee reported back demands approved, and on motion of Trustee Shaw warrants were ordered to be issued in payment of the same.

Reports were received from the following city officials: Building Inspector, City Recorder, Health Officer and City Treasurer, the same being filed.

The City Attorney presented a contract to be entered into between the city and Mr. J. R. Grey, by which the latter conveys to the city a tract of ground for park purposes. On motion of Trustee Shaw, the contract was approved, and the President of the Board and the City Clerk were instructed to sign the same on behalf of the city.

In connection with the transfer of the park property to the city the City Manager recommended that Mr. Grey be given a reasonable time to remove the pumping plant. On motion of Trustee Shaw it was so ordered.

On motion of Trustee Shaw the City Manager was instructed to complain to the management of the Pacific Electric Railway Company in regard to the practice of stopping cars on the further side of the street.

The ordinance previously presented to the Board declaring the intention of the Board to order the laying out and opening of Kenilworth Avenue was brought up, and on motion of Trustee Shaw it was adopted as Ordinance No. 370.

NO DROP IN SUGAR PRICES

Cane sugar is to remain at the price of 18 cents a single pound and 17½ cents in larger amounts, the government having fixed these prices when informed by the sugar companies that there was a serious shortage in the Hawaiian and Louisiana crops. As beet sugar supplies are practically exhausted, the situation is entirely in the hands of the cane interests.

WHERE ARE THE BOYS?

The boy who is in good health must be doing something. If his work and recreation are directed along the proper channels he is a fortunate lad. If he is left to his own devices he may come under influences that may lead him to spend his recreation hours in a way that will not be for his good.

Many parents make the mistake of thinking their boys can do no wrong and allow them to spend time on the street or in other places where they are very likely to form habits that will not help them to become men of strong character. They are allowed to take their time going to and coming from school. In short the parents do not know where the boy is or what he is doing.

Many instances have been reported by Glendale merchants of boys from good homes committing petty thievery in their stores. Some of the parents of these boys will wake up some day to the fact that their lack of discipline has been of irreparable harm to their children. It is true that if a boy has proper training he may be able to withstand temptation but it is wrong to allow him to drift into circumstances and surroundings where he will be tempted while he is too young to reason out the results of doing wrong.

Glendale boys under eighteen years of age, from good homes are securing cigarettes contrary to law. The continued use of these alone is sufficient to dull a boy's sense of right and wrong. Other boys of ten and twelve years are stealing. It is a deplorable condition and one that cannot be corrected by law. The reform must begin at home. Parents, it behooves you to know where your boy is every minute he is away from home.

New Residents

Do you know there is a tailor who has been making suits for Glendale men for more than eight years?

With due modesty I can say that in those eight years I have won a reputation for good work, honest treatment and fair prices, of which I am rather proud.

Are you timid about trusting a strange tailor since you have left the old home and the tailor who has always done your work?

Ask the man who has lived here longer than you have—and let my eight years speak for me

Personals

Mrs. Mate Stephenson of South Bend, Ind., is the guest of her aunt, Mrs. Cutler, at 220 North Louise Street.

Mrs. Hester A. Torrey of 245 South Orange Street left Thursday morning for New York on a buying trip for a Los Angeles firm with whom she is connected.

Mrs. Charlotte Ballentyne of 1230 South Glendale Avenue recently entertained James Ballentyne, her brother-in-law, of Montana, who is spending the winter in Long Beach.

Mrs. J. B. Doxsee and Miss Doxsee of 319 Maryland Avenue on Thursday had the pleasure of entertaining Mrs. Tom Myers of Cedar Rapids, Ia., and Miss May Gearhart of Clyde, Kansas.

Mr. and Mrs. Oliver Marion Ennis, son-in-law and daughter of C. L. Peckham and wife of 615 North Central Avenue have moved down from Bakersfield and are now living with the Peckhams. Mr. Ennis is employed in Pasadena.

E. B. Bentley secured a permit yesterday for the erection of a seven-room house and a garage at 453 West Wilson Avenue, to cost $4000. This is in the old Albright tract of twenty-five acres, which was recently subdivided and in which nearly a score of new residences have already been erected.

Members of Glendale Commandery, Knights Templar, go to Alhambra this evening to attend an inspection by Grand Officers in which the commanderies of Pasadena, Glendale and Alhambra will unite. This inspection is an annual event and an important one. Members will meet at the Masonic Temple at 5:30 p.m. and go in full uniform.

Ed Denney, wife and son of Fillmore, Mo., are here to spend the remainder of the winter with Mr. and Mrs. J. L. Denney of 119 South Verdugo Road, parents of Ed. They visited Long Beach yesterday. Mrs. Denney, Sr., says the young people are perfectly delighted with California and Glendale in particular, and are anxious to locate permanently in this city.

W. W. Ruble of 420 North Isabel Street has just gone on a short business trip to Mankato, Minn. He expects to get home about the 12th. He and Mrs. Ruble formerly resided in that state but came to Glendale after a five years' residence in Nebraska. They like our city very much and have had a chance to try all kinds of weather, as they arrived last July.

Mr. and Mrs. A. B. Bolitho, formerly of Boone, Ia., have purchased the home of Mrs. F. A. Field at 209 North Kenwood and took possession on Monday. Mrs. Field and daughter, Miss Bessie, will remain with Mr. and Mrs. Bolitho for a time until they can decide on a permanent location. Mr. Bolitho is a retired engineer and the family are looking forward to enjoying their new home in Glendale.

Mrs. and Mrs. Charles Shattuck of 115 West Broadway were host and hostess at a small dinner party Wednesday evening in honor of Emil Kiefer and in celebration of his birthday. In the floral decorations for the event a pink color was carried out with sweet peas, carnations and roses. Covers were laid for Miss Laura Roberts, Frank Kiefer, Miss Leone Shattuck and the host and hostess. A social evening followed the dinner.

Mrs. A. B. Heacock, who was in Glendale yesterday for the second time this week both as a visitor and to look after some business affairs, says things are going well with them on the ranch they now occupy a mile and a half southeast of Compton. Mr. Heacock, in spite of the strenuous exertions made necessary by home work and his tasks as principal of the Los Feliz schools, has gained 14 pounds, and all the family enjoy country life. All still regard Glendale as their real home, and their property interests are nearly all in this city.

Mrs. Malcolm McLaren of 303 North Jackson Street is entertaining a niece and husband, Mr. and Mrs. Russell from San Antonio, Texas, who after spending a few weeks in Southern California have decided to make their home here. Mr. McLaren has bought property at 101 North Cedar Street from T. W. Preston and will rent it to these relatives who have two children. Mr. Russell is a traveling salesman. Mrs. McLaren is expecting the arrival next week of her brother and his wife, who expect to locate here. They also are from San Antonio.

DEATH OF MARTHA LAWSON

Mrs. Martha Lawson died at her home, 1103 Melrose Avenue, this morning, aged 78 years. She and her husband, John Lawson, had been residents of Glendale and vicinity for five years. The husband and one daughter survive her. The latter lives in Missouri. Funeral services will be held Saturday at 2 p.m. in the Jewel City Undertaking Co. parlors, Rev. Julius Soper officiating. Interment will be in Forest Lawn Cemetery.

REVIVAL MEETINGS AT M. E. CHURCH

In the revival meetings at the First Methodist Church Evangelists Ross and Cooper are proving themselves masters in this great work. Last evening Evangelist Ross spoke on "The Knowledge of Salvation," from the words "I know that whereas I was blind now I see."

"This is an enquiring age," said Rev. Ross. "There never was a time when people thirsted so much for knowledge. Science, philosophy and religion are all pressing out toward the big things of the universe. Of all knowledge the greatest is to know Him. The highest education is the education of the Highest.

"While much effort is made in our schools and colleges to teach worldly knowledge, it is too often true that men do not know Christ. There is a dense ignorance concerning Him. We need to double our diligence to bring to the world of men the highest treasure of knowledge, Jesus Christ the Saviour."

Last evening's service was marked by unusual signs of interest. A number of persons expressed their desire to follow Jesus. Mr. Cooper sang the gospel message in his usual effective manner

Tonight the service will be especially for young people. The Intermediate League, a new organization in the First Church, will assist in the song service. There will be no meetings tomorrow. Sunday will be a full day and the revival will be at the crest of the wave.

SWEET PEA LUNCHEON

Mrs. Warren Roberts of 539 East Elk Avenue on Thursday entertained a group of her friends in honor of Mrs. C. F. Lewis, the mother and house guest of Mrs. Albert D. Pearce and Mrs. D. K. Newell, the sister and house guest of Mrs. H. R. Boyer.

A delicious luncheon was served at one o'clock. Suggestive of spring was the daintily set table centered with a mirror which reflected the lovely image of the sweet peas that filled the vase placed upon it. The floral motif was repeated in the place cards decorated with a flower-filled basket design embellished with bluebirds and butterflies, and the handles of the pink nut baskets were twined with a sweet pea decoration.

In the afternoon tables were arranged for Five Hundred. High score was won by Mrs. Charles H. Temple, the consolation prize going to Mrs. Charles H. Martin.

At the close of the game little notes were written to close friends, former residents of Glendale, who had been accustomed to meeting with this group. These notes were addressed to Mrs. A. L. Weaver of Syracuse, N. Y., Mrs. Lawrence Ellis of Seattle, Wash., Mrs. Wilbur McFadden of Bakersfield, and Mrs. Edward Lynch, who is now in Berkeley.

The guest list included: Mrs. C. S. Archer and Mrs. George Scott, mother and aunt of the hostess; Mesdames E. U. Emery, A. W. Tower, H. P. Goodwin, Albert D. Pearce, C. F. Lewis, H. R. Boyer, D. K. Newell, W. E. Evans, Charles H. Temple, M. L. Russell, Walter M. Stamps, H. H. Martin of Los Angeles, Miss Lucile Tholen and Mrs. Harry T. Lockwood.

ENTERTAINS AT WHITE INN

Mrs. W. H. Wagner of 415 West Broadway entertained at luncheon at the White Inn on Wednesday of this week. The table was daintily arranged, and decorations consisted of red carnations.

The guests were: Mrs. B. Taylor, Mrs. E. Lord, Mrs. Skelton, and Mrs. R. Spurrier of Casa Verdugo; Mrs. Wm. Nichols and daughters, Harriet and Margaret of the Monte Vista Apsts., and Mrs. W. H. Wagner and daughter, Mrs. A. H. Lapham of West Broadway.

NEW STREET TO BE OPENED

A street sixty feet wide is to be opened from Riverdale Drive north to Vine Street, about half way between Pacific Avenue and San Fernando Road. It is to take the name of Kenilworth Avenue, and will in time be extended north to Colorado, where it will join the street of that name, which was formerly called Cherry Street.

PUFFERS ENTERTAINING CHICAGO RELATIVES

Mrs. Roscoe Puffer of 452 Vine Street will entertain at a 7 o'clock dinner this evening her uncle, H. J. Wanner and wife, and their son, H. C. Wanner, and his wife. They live in Chicago and the senior Mr. Wanner is proprietor of extensive malleable steel mills at Hammond, Ind. He and his wife are stopping at Hotel Maryland and the young couple at Hotel Green, in Pasadena. They all came over this morning to spend the entire day with Mr. and Mrs. Puffer.

CHURCH WORKERS ENTERTAINED

Officers of the Woman's Auxiliary of the Congregational Church were entertained Wednesday at a daintily appointed Valentine luncheon of several courses. To stimulate conversation on the theme in which the ladies were chiefly interested, at each place was a question in regard to the work of the organization for the coming year Illness and other causes prevented the attendance of some of the officials invited. Those who were able to enjoy Mrs. King's hospitality were: Mrs. L. T. Rowley, secretary of the Board; Mrs. Miner, chairman of calling; Mrs. George Adams, chairman of work; Mrs. Colsen, the incoming president; Mrs. Blake Franklin, chairman of remembrance; Mrs. Yarrick, chairman of the social committee. Following the luncheon the guests spent a social afternoon and continued the discussion of church activities.

PROGRAM TEA

Miss Eva Daniels, assisted by her sister, Mrs. Phillips, and her niece, Miss Reba Phillips, was hostess at a very pleasant afternoon tea, one in the chain which is being given for the Tuesday Afternoon Club, at her home on West Colorado Street. The note of spring was suggested in the floral decorations, and a delightful program was provided for the entertainment of the company for whom Mrs. Marlenee delightfully interpreted a Chopin prelude and Schubert's "Hark, Hark, the Lark," upon the piano, Miss Phillips playing most acceptably a Chopin number and McDowell's "Water Lily." Mrs. Montgomery recited as only Mrs. Montgomery can, "Uncle Jed Bent's Nephew" (anon) and "Seein' Things at Night," by Eugene Field. Mrs. Herald sang "The Rosary," and "I Love You Truly," and Rubinstein's "The Asra," was sung with fine effect by Mrs. Kinney. Other guests who constituted the audience were: Mrs. R. A. Puffer, Mrs. G. Roach, Mrs. Harry Greenwalt, Mrs. Blake Franklin, Mrs. A. S. Chase, Mrs. A. A. Barton, Mrs. E. S. McKee, Miss Minnie Scott. Dr. Jessie Russell, Mrs. J. Folz, Miss Folz, Mrs. Walther, Miss Gibbs and Miss Isabelle Franklin.

Club matters of great interest were discussed following the program and delicious refreshments were served by the hostess.

ORDINANCE NUMBER 370

AN ORDINANCE DECLARING THE INTENTION OF THE BOARD OF TRUSTEES OF THE CITY OF GLENDALE TO ORDER THE LAYING OUT AND OPENING OF KENILWORTH AVENUE FROM THE NORTH LINE OF RIVERDALE DRIVE TO THE SOUTH LINE OF VINE STREET IN SAID CITY.

THE BOARD OF TRUSTEES OF THE CITY OF GLENDALE DO ORDAIN AS FOLLOWS:

Section 1. That the public interest and convenience require and it is the intention of the Board of Trustees of the City of Glendale, to order the following improvement to be made, to-wit: That Kenilworth Avenue be laid out and opened from the north line of Riverdale Drive to the South line of Vine Street.

Section 2. That the land necessary and convenient to be taken for the improvement described in Section 1 hereof is situated in the City of Glendale, County of Los Angeles, State of California, and is more particularly described as follows, to-wit: A strip of land of uniform width of sixty (60) feet lying thirty (30) feet either side of, parallel and contiguous to the following described center line:

Commencing at the southwest corner of Lot 5 of the Riverdale Heights Tract, as per map recorded in Book 4, Page 1 of Maps, Records of Los Angeles County, California, thence northerly along the westerly line of said Lot 5 and the northerly prolongation thereof to the south line of Vine Street.

Section 3. That the boundaries of the district in the City of Glendale to be benefited by said improvement and to be assessed to pay the expenses thereof and to be known as the assessment district, are hereby fixed as follows:

Beginning at the southwest corner of Lot 4 of the Riverdale Heights Tract, as per map recorded in Book 4, Page 1 of Maps, Records of Los Angeles County, California; thence northerly along the westerly line of said Lot 4 and the northerly prolongation thereof to the south line of the Glendale Valley View Tract, as per map recorded in Book 9, Page 157 of maps, Records of aforesaid county; thence east along the southerly line of said Glendale Valley View Tract to the southwest corner of Lot 16, Block Q of said Tract; thence northerly along the westerly line of said Lot 16 to the northwest corner thereof; thence east along the south line of Vine Street, to a point where said south line is intersected by the northerly prolongation of the east line of Lot 5 of said Riverdale Heights Tract. thence southerly along said northerly prolongation of, and the east line of Lot 5 to the southeast corner thereof; thence west along the north line of Riverdale Drive to the point of beginning, excepting therefrom any portion of any public street or alley which may be included within the above described assessment district.

Section 4. The proceedings for the aforesaid improvement shall be taken under the "Street Opening Act of 1903," and the Street Superintendent of the City of Glendale shall post and publish notices of said improvement in the manner and for the time required by said Act; and the Glendale Evening News, a daily newspaper of general circulation, published and circulated in said City of Glendale, is hereby designated as the newspaper in which said notice shall be published.

Section 5. The City Clerk shall certify to the passage of this Ordinance and shall cause the same to be published once in the Glendale Evening News, and thereupon and thereafter it shall take effect and be in full force.

Adopted and approved this 5th day of February, 1920.

FRANK L. MUHLEMAN,
President of the Board of Trustees of the City of Glendale.

Attest:
J. C. SHERER,
City Clerk of the City of Glendale.

STATE OF CALIFORNIA)
COUNTY OF LOS ANGELES) SS.
CITY OF GLENDALE)

I, J. C. Sherer, City Clerk of the City of Glendale, do hereby certify that the foregoing Ordinance was duly adopted by the Board of Trustees of the City of Glendale, State of California, and signed by the President of said Board at a regular meeting thereof held February 5th, 1920, by the following vote, to-wit:

Ayes: Henry, Jackson, Muhleman, Shaw, Woodberry.
Noes: None.
Absent: None.

J. C. SHERER,
City Clerk of the City of Glendale.

3 Million Dollars but— It bought MUSIC

No finer example of courage is known to the world of science than Thomas A. Edison's work in perfecting the phonograph. The skeptics rose in full chorus when he proposed a better phonograph,—an instrument "that could produce music as human as the artists who first gave it utterance."

Mr. Edison's experiments exhausted the entire field of research in sound reproduction. He built and rebuilt until his final, perfected model cost him Three Million Dollars.

And the result?

Ask some one who attended the Marie Morrisey recital Tuesday evening. There was the public proof. Miss Morrisey sang in comparison with the RE-CREATION of her voice by the New Edison. And no one could distinguish the living voice from its RE-CREATION.

The NEW EDISON
"The Phonograph with a Soul"

If you love music, you will agree with Tuesday's enthusiastic audience:—the New Edison represents Three Million Dollars well spent.

The soul of song is cheap at any price. Yet it is now brought within reach of your pocketbook. The instrument used in Tuesday's conclusive test is a duplicate of Mr. Edison's Three Million Dollar Model. It sells for $295

ORDINANCE NUMBER 368

AN ORDINANCE REGULATING STREET WORK BY PRIVATE CONTRACT WITHIN THE CITY OF GLENDALE, FIXING A PENALTY FOR THE VIOLATION THEREOF AND REPEALING ORDINANCES NUMBER 38 AND 82 AND ANY OTHER ORDINANCES IN CONFLICT THEREWITH.

THE BOARD OF TRUSTEES OF THE CITY OF GLENDALE DO ORDAIN AS FOLLOWS:

Section 1. Every person, firm or corporation before commencing the construction of any sidewalk, curb, gutter, cross-walk, or the grading of any street, or any other street work on any public street, alley or public place within the City of Glendale, except where said work is to be done under a public contract for the same, or except as otherwise provided for by Ordinance No. 366, shall make application to the Board of Trustees of said city for a permit to do such work, and it shall be unlawful for any person to do any such street work without such permit first having been obtained from the Board of Trustees of the City of Glendale so to do. The application for said permit shall be made on a printed form to be supplied by the Street Superintendent of the City of Glendale, and it shall specify the place where the improvement is to be made, the nature and extent of the improvement, the time within which said work shall be commenced and when the same shall be completed and finished, and shall contain a statement that said permit is asked for and that said work therein described will be done subject to the terms and provisions of this ordinance.

All such work, upon permission being granted therefor, must in all cases be done under the direction and to the satisfaction of the Street Superintendent within the time specified in the application and in accordance with the city's specifications for work of that class, and on lines and grades to be given by the City Engineer.

If the work does not, in the judgment of the Street Superintendent, comply with the specifications therefor and with the terms of this ordinance, the Street Superintendent shall notify the person to whom the permit was granted of the defect or failure of performance of said work, and shall require such person within five days of the service of such notice to proceed to remedy such defect. Such notice shall be written or printed and shall be served personally or by leaving it at the residence or place of business of such person, or if such person can not be found, and such place of business or place of residence is unknown or is outside of the city, said notice may be served by depositing it in the postoffice, postage prepaid, addressed to the person holding such permit at such place of business or residence, if known, or if unknown, in the City of Glendale.

If such notice is not complied with the Street Superintendent shall thereupon report such non-compliance to the Board of Trustees of said city and thereafter said Board shall not grant any permit to such person to do street work by private contract within the City of Glendale until he has made full compliance with the terms of said notice. And if such failure or defect in performance relates to the construction of cement walks or cement curbs the Board of Trustees may order the same taken up and removed from the street at the expense of the holder of such permit, which expense all applicants, by making application hereunder, hereby agree to pay.

Section 2. Every applicant at the time of filing his application and before the same is presented to the Board of Trustees shall deposit with the Street Superintendent fifty (50) cents for each application and an amount sufficient to cover the cost of engineering and inspection, said amount to be fixed by the Street Superintendent.

Where a sidewalk and curb are to be constructed at the same time and place only one charge for engineering work shall be made unless such sidewalk and curb are required by the person constructing the same to be laid out independently by separate engineering work done at different times.

Section 3. No engineer other than the City Engineer shall be permitted to set stakes or give the lines and grades for said improvements.

It shall be the duty of the City Engineer upon the granting of said permit as herein provided to give the lines and grades for the performance of such work and upon the completion of such work to inspect the same, and, if found to be on line and grade, to issue a certificate in duplicate of acceptance of the same as to line and grade and give one of such certificates to the holder of said permit and file one with the Street Superintendent.

Section 4. It shall be the duty of the Street Superintendent to inspect all street work done by private contract under the terms of this ordinance and report to the Board of Trustees any neglect or failure to comply with the terms of this ordinance, and the permit granted in accordance therewith for the performance of such work and to notify the holder of such permit of any failure or neglect of performance in the manner above specified.

Upon completion of the work to be done under any such permit it shall be the duty of the Street Superintendent to make a final inspection thereof, and, if the same is found to be in accordance with the specifications for the same and in compliance with the terms of this ordinance, and if a certificate of the City Engineer has been filed with him showing the same to be on line and grade, he shall issue a final certificate in duplicate of acceptance thereof, one of which certificates shall be delivered to the holder of such permit and the other placed on file in the office of the Street Superintendent.

Section 5. The Street Superintendent and the City Engineer shall file with the city, statements in detail of the cost of all inspection and engineering on account of work done in pursuance of such permit and after deducting from the aforesaid deposit the amount of such cost, the balance, if any, shall be returned to said applicant within thirty (30) days after the final inspection and acceptance of the work.

Section 6. All moneys refunded pursuant to the provisions of this ordinance shall be paid upon demands audited and paid in the same manner as other demands against the city are audited and paid.

Section 7. It shall be unlawful for any person to do any street work in the City of Glendale without first obtaining the lines and grades therefor from the City Engineer of said city, or to do the same except at the place and on the line and grade given therefor by the City Engineer.

Section 8. It shall be unlawful for any person doing any street work within the City of Glendale for which a permit has been granted under the terms of this ordinance, to fail, neglect or refuse to perform the same according to the directions of the Street Superintendent and in accordance with specifications adopted by the city for the class of work to be performed under such permit.

Section 9. No permit to do any street improvement shall be granted until the grade of said street shall have been first officially established and no permit to do any grading by private contract shall be granted except for the full width of the street, and if the permit be for the construction of a cement walk and curb only, the permit holder shall be required to grade and smooth the parking or space between the outer line of the walk and the curb, and if the permit be for the construction of a cement sidewalk then the permit holder must grade and level the entire space between the property line and the curb line.

Section 10. Permits shall in all cases be applied for by or on behalf of the person, firm or corporation who is to actually perform the street work for which a permit is asked, and permits issued under the terms of this ordinance shall not be transferable or assignable except by permission of the Board of Trustees being first obtained so to do; and it shall be unlawful for any person to do any street work under a permit granted to another person unless such permit has been first properly transferred or assigned in accordance herewith to the person doing such street work.

Section 11. The Board of Trustees may, in all cases, attach such further conditions to the granting of any permit under this ordinance as may, in their judgment, seem best or necessary to secure the proper performance of such street work or to protect the public interests in connection therewith. The Board of Trustees expressly reserves the right and privilege of refusing to grant a permit applied for hereunder whenever in their judgment, they deem it to the best interests of the public so to do.

Section 12. That ordinance No. 38 and Ordinance No. 82 are hereby repealed.

Section 13. Any one violating this ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof, shall be punished by a fine of not exceeding three hundred ($300.00) dollars, or imprisonment in the City Jail of the City of Glendale not exceeding fifty days, or both such fine and imprisonment.

Section 14. The City Clerk shall certify to the passage of this ordinance and shall cause the same to be published once in the Glendale Sentinel-Progress, a weekly newspaper of general circulation, published and circulated in said City of Glendale, and thirty days after its passage the same shall be in full force and effect.

Adopted this 29th day of January, 1920.

FRANK L. MUHLEMAN,
President of the Board of Trustees of the City of Glendale, Cal.

ATTEST:
J. C. SHERER,
City Clerk of the City of Glendale.

City Clerk. City of Glendale.

RESOURCEFUL AND BRAVE COOK

That a cook should perform an act of the utmost daring in the pursuit of his occupation as a purveyor of food seems almost incredible. Yet that is what was done by William B. Gray, a third class ship's cook in the United States naval reserve. During the cold weather of last winter the Roanoke marshes in North Carolina were frozen and boats were unable to reach the keeper of a lighthouse, who was consequently in danger of starvation. Gray made a sled by putting runners upon a lifeboat, loaded it with food and hauled it across the ice, which was broken and tossed by strong and dangerous currents, to the lighthouse, thus saving the keeper's life and enabling him to continue at his post of duty. Gray is a native of North Carolina.

ORDINANCE NO. 369

AN ORDINANCE REGULATING THE MAKING AND REFILLING OF EXCAVATIONS IN PUBLIC STREETS, ALLEYS, SIDEWALKS AND OTHER PUBLIC PLACES, REPEALING SECTIONS 7, 8, 9 AND 10 OF ORDINANCE NO. 21 AND REPEALING ORDINANCE 119.

THE BOARD OF TRUSTEES OF THE CITY OF GLENDALE DO ORDAIN AS FOLLOWS:

Section 1. It shall be unlawful for any person, firm or corporation to make, or to cause or permit to be made, any excavation in or under the surface of any public street, alley, sidewalk, or other public place, for the installation, repair or removal of any pole, tank or pipe, conduit, duct or tunnel, or for any other purposes, without first obtaining from the Street Superintendent a written permit to make such excavations, paying a fee of fifty (50) cents for each such permit, and making a deposit to cover the cost of inspection and of restoring such public street, alley, sidewalk or other public place to its original condition, together with the incidental expenses in connection therewith, all as hereinafter in this ordinance provided. The Street Superintendent, before issuing such permit, shall require:

First, a written application therefor to be made and filed with said Superintendent wherein the applicant shall set forth the name and residence or business address of the person, firm or corporation making such application, and shall state in detail the location and area of each excavation intended to be made, and shall state the purpose for which the excavation is to be made and used;

Second, the presentation of a plat in duplicate showing the location of each proposed excavation and the dimensions thereof, and such other details, as the Street Superintendent may require to be shown upon such plat, provided, that the filing of plats shall not be required when excavations are made for the location of trouble in conduits or pipes or for the making repairs thereto, and

Third, that the applicant show legal authority to occupy and use, for the purpose mentioned in said application, the streets, alleys, sidewalks, or other public places wherein the excavation is proposed to be made.

Section 2. It shall be unlawful for any person, firm or corporation to make, or to cause or permit to be made, any excavation, or to install or maintain, or to cause or permit to be installed or maintained any pole, tank, pipe, conduit, duct or tunnel in or under the surface of any public street, alley, sidewalk or other public place at any location other than that described in the application and shown on the plats filed by such person, firm or corporation as required by the provisions of this ordinance.

Section 3. When the application to excavate and the details shown upon the accompanying duplicate plats, (when such plats are required) comply with the terms of this ordinance, the application and duplicate plat shall be approved by the City Engineer. The application and duplicate plat shall be filed with the Street Superintendent, together with special deposits as follows, to-wit: A sum equal to fifty-five (55) cents per lineal foot of curb to be excavated or damaged; a sum equal to forty-five (45) cents per square foot of surface of each such excavation to be made in any street, alley or other public place which has been paved with granite block, brick, asphalt or bitulithic pavement; a sum equal to thirty (30) cents per square foot of each such excavation to be made in any street, alley or other public place which has been paved with concrete or macadam pavement, or in any cement sidewalk or gutter; a sum equal to fifteen (15) cents per square foot of surface of each such excavation to be made in any street, alley or other public place which has been oiled and tamped; a sum equal to six (6) cents per square foot of surface of each such excavation to be made in any street, alley or other public place which has been graveled or oiled; a sum equal to three (3) cents per square foot of surface of each such excavation to be made in any street, alley or other public place which has not been paved, macadamized, graveled or oiled; provided that any person, firm or corporation intending to make any excavation in any public street, alley or other public place may make and maintain with said Street Superintendent a deposit of one hundred ($100) dollars which shall permit the issuance of permits for excavations up to three hundred (300) square feet per month; a deposit of two hundred (200) dollars, which shall permit the issuance of permits for excavations up to six hundred (600) square feet per month, or a deposit of three hundred (300) dollars, which shall permit the issuance of permits for excavations to nine hundred (900) square feet per month, which general deposit shall be used for the same purpose as the special deposit described hereinbefore, in this section, and while such general deposit is maintained, such person, firm or corporation shall not be required to make the special deposit hereinbefore in this section provided for, but shall be required to file a written application for a permit for each such excavation, and file duplicate plats showing the location thereof, as in this ordinance provided, and to comply with all other provisions of this ordinance.

Section 4. Upon receiving a written application, as provided in Section 1 of this ordinance, and one of the duplicate plats when such plats are required, each bearing the approval of the City Engineer, and the general or special deposit required by Section 3 hereof, the Street Superintendent shall issue a written permit to make such excavation and shall open and keep an account thereof; provided, however, that the Street Superintendent shall not issue such permit unless the applicant has legal authority to occupy and use, for the purpose mentioned in the application, the streets, alleys, sidewalks or other public places covered by said application.

Such permit shall state whether the work to be done is covered by a general or a special deposit, and, if a special deposit, shall state the amount thereof and shall be a receipt therefor. It shall also specify the person, firm or corporation to whom the same is issued, the street, alley or other public place and the particular portion or portions thereof to be excavated and the extent of such excavations. No permit shall be transferable. Every such permit shall become and be void unless the excavation to be made pursuant thereto is commenced within sixty (60) days from the date of issuance of such permit and the work diligently prosecuted as in this ordinance required.

Section 5. All excavations shall be filled in the following manner: The trench shall be filled in layers of not more than six (6) inches each in depth, each layer to be well rammed with rammers weighing not less than one (1) pound per square inch of face. One man shall be furnished to tamp for each man engaged in filling the trench.

An alternate method of filling the trench shall be as follows: The trench shall be filled to within not less than one (1) foot from the surface and shall then be thoroughly flooded, and the material settled by poling or with shovels. If so directed by the Street Superintendent, the filling shall be settled with water at not more than two (2) intermediate depths, to be determined by the Street Superintendent, before it is brought to one (1) foot from the surface. After the material has been allowed to settle, it shall be filled to the surface and again flooded and allowed to settle. It shall then be filled to the surface of the street. All excavations shall be promptly refilled in the most workmanlike manner, and surplus material removed without delay. It shall be unlawful for any person, firm or corporation to fail, refuse or neglect to comply with any of these regulations, or with any regulations of the Street Superintendent governing the refilling of excavations.

Section 6. The street surface excavated or damaged shall be replaced by the Street Superintendent, for which the following deductions shall be made from the deposit of the person, firm or corporation making the excavation:

For curb, fifty (50) cents per lineal foot; for brick, granite block, asphalt or bitulithic pavement, forty (40) cents per square foot; for concrete pavement, twenty-five (25) cents per square foot; for cement walk or cement gutter, twenty (20) cents per square foot; for macadam pavement, twenty (20) cents per square foot; for oiled and tamped pavement thirteen (13) cents per square foot; for gravel or oil surface, five (5) cents per square foot; for surface that has been oiled, or graveled, one (1) cent per square foot.

Section 7. It shall be the duty of every person, firm or corporation making any excavation in any public street, alley or other public place, to maintain safe crossings for vehicle traffic at all street intersections and safe crossings for pedestrians at intervals of not more than three hundred (300) feet. If any such excavation is made across any public street or alley, at least one safe crossing shall be maintained at all times for vehicles and pedestrians. Free access must be provided to all fire hydrants and water gates. All materials excavated shall be laid compactly along the side of the trench and kept trimmed up so as to cause as little inconvenience as possible to public travel. If the street is not wide enough to hold the excavated material without using part of the adjacent sidewalk, the person, firm or corporation by whom the excavation is made shall erect a tight board fence upon and along such sidewalk and keep a passageway at least five (5) feet in width open and along such sidewalk. All gutters shall be maintained free and unobstructed for the full depth of the adjacent curb and for at least one (1) foot in width from the face of such curb at the gutter line. Wherever a gutter crosses an intersecting street an adequate waterway shall be provided and at all times maintained.

It shall also be the duty of every person, firm or corporation making any excavation in any public street, alley or other public place, to place and maintain barriers at each end of such excavation and at such places as may be necessary along the excavation to prevent accident, and also to place and maintain lights at each end of such excavation and at distances of not more than fifty (50) feet along the line thereof, from sunset each day to sunrise of the next day, until such excavation is entirely refilled, and it shall be unlawful for any person, firm or corporation to fail, refuse or neglect to comply with any requirement contained in this section.

Section 8. After such excavation is commenced, the work of making and refilling the same shall be prosecuted with due diligence and so as not to obstruct the street or other public place or travel thereon more than is actually necessary therefor. If the work is not so prosecuted or if the work of refilling does not in the judgment of the Street Superintendent, comply with the terms of this ordinance, the Street Superintendent shall notify the person, firm or corporation named in the permit that the work is not being prosecuted with due diligence or that the refilling of such excavation has not been properly done, and shall require such person, firm or corporation, within three (3) days after the service of such notice, to proceed with the diligent prosecution of such work, or properly to complete the same, as the case may be. Such notice shall be written or printed, and shall be served personally or by leaving the same at the residence or place of business of such person, firm or corporation; or if such person, firm or corporation cannot be found, and such place of business or residence is unknown, or is outside of the City of Glendale, such notice may be served by depositing the same in the postoffice in a sealed envelope, postage fully prepaid, addressed to such person, firm or corporation at such place of business, or residence, if known, or if unknown, at the City of Glendale. If such notice is not complied with, the Street Superintendent shall do such work as may be necessary to refill such excavation, and to restore the street, or other public place, or part thereof excavated, to as good a condition as the same was in before such excavation was made.

Section 9. The Street Superintendent shall cause a statement, showing the amount due the City from every person, firm or corporation for any work performed by the City pursuant to the provisions of this ordinance, to be mailed to every such person, firm or corporation or to his, its or their agent in the City of Glendale, on or before the 12th day of any month, for any and all such work performed during the previous month. The amount due the City as shown by any such statement shall be paid by every such person, firm or corporation to the Street Superintendent of said City, on or before the 25th day of the month in which any such statement is mailed, as herein provided. In case of a special deposit the balance shall be returned within thirty (30) days after the street surface has been replaced by the Street Superintendent. The said City shall deduct the cost of any work done or repairs made by the Street Superintendent for any person, firm, or corporation, as herein provided, from any and all deposits then on hand belonging to or that may hereafter be made by such person, firm or corporation under the provisions of this ordinance.

Section 10. The decision of the Street Superintendent as to the cost of any work done, or repairs made by him or under his direction, pursuant to provisions of Sections 6 and 8 of this ordinance, shall be final and conclusive as to the cost thereof.

Section 11. All moneys refunded pursuant to the provisions of this ordinance shall be paid upon demands audited and paid in the same manner as other demands against the city are audited and paid.

Section 12. It shall be unlawful for any person, firm or corporation to install, or to cause or permit to be installed, any service pipe or main pipe, conduit, duct, tunnel or other structure, except manholes, culverts and catch basins, in any public street, alley or other public place at a distance of less than two (2) feet below the established grade of the gutter of such public street or alley, or less than two (2) feet below the surface of such other public place.

Section 13. It is hereby made the duty of every person, firm or corporation owning, using, controlling or having an interest in pipes, poles, conduits, ducts or tunnels under the surface of any public street, alley, sidewalk or other public place, for supplying or conveying gas, electricity, water, steam, ammonia or oil in, to, or from the City of Glendale, or to or from its inhabitants, or for any other purpose, within ninety (90) days after the passage of this ordinance, to file in the office of the City Engineer a map or a set of maps, each drawn to a scale of not less than two hundred (200) feet to one inch, which said map or set of maps shall show in detail the exact location, size, description and date of installation, if known, of all mains, laterals, services and service pipes, and of all valves, pressure regulators, drips, manholes, handholes, transformers, chambers or other appliances installed beneath the surface of the public streets, alleys, sidewalks or other public places in the City of Glendale, belonging to, used by or under the control of such person, firm, or corporation, or in which such person, firm or corporation has any interest. It shall also be the duty of every person, firm or corporation to file, within thirty (30) days after the first day of January of each and every year, in the office of the City Engineer, a corrected map or set of maps, each drawn to a scale of not less than two hundred (200) feet to one inch, showing the complete installation of all such pipes and other appliances, including all installations made during the previous year to and including the last day of such year. Each such map shall be accompanied by an affidavit endorsed thereon, subscribed and sworn to by such person, or by a member of such firm, or by the president or secretary of such corporation, to the effect that the same correctly exhibits the details required by this ordinance to be shown thereon.

Whenever any pipe, conduit, duct, tunnel or other structure located under the surface of any public street, alley or other public place, or the use thereof, is abandoned, the person, firm or corporation owning, using, controlling or having an interest therein, shall within thirty (30) days after such abandonment, file in the office of the City Engineer, a statement in writing giving in detail the location of the pipe, conduit, duct, tunnel or other structure so abandoned. Each map or set of maps filed pursuant to the provisions of this section shall show in detail the location of all such pipes, conduits, ducts, tunnels or other structures abandoned subsequent to the filing of the last preceding map or set of maps.

It shall be unlawful for any person, firm or corporation to fail, refuse or neglect to file any map or set of maps at the time and in all respects as required by this section.

Section 14. None of the provisions of this ordinance shall apply to any work done or to be done in, along or upon any public street, alley or other public place pursuant to any law of the State of California providing for the improvement thereof or to any work done or to be done in, along or upon any such street, alley or other public place pursuant to any contract for improvement authorized by the Board of Trustees, provided that the provisions contained in Section 7 of this ordinance shall apply to all such work, and to all excavations to be made in, along or upon any public street, alley or other public place; and provided further that the provisions contained in Section 5 of this ordinance shall apply to all such work and to all excavations made or to be made in, along or upon any public street, alley or other public place whenever the specifications for said work so provide.

Section 15. That the provisions of this ordinance shall not apply to excavations made by any department, board or officer of the City of Glendale in the discharge of its or his official duties.

Section 16. Nothing in this ordinance contained shall be construed to prevent any person, firm or corporation, maintaining any pipe or conduit in any public street, alley or other public place, by virtue of any law, ordinance or permit, from making such excavation as may be necessary for the preservation of life or property when such necessity arises during such hours as the offices of the city are closed, provided, that the person, firm or corporation making such excavation shall obtain a permit therefor within four (4) hours after the offices of the city are first opened subsequent to the making of such excavation.

Section 17. Every permit for an excavation in or under the surface of any public street, alley or other public place shall be granted subject to the right of the City of Glendale, or of any other person, firm, or corporation entitled thereto, to use that part of such street, alley or other public place for any purpose for which such street, alley or other public place may lawfully be used.

Section 18. Sections 7, 8, 9 and 10 of Ordinance No. 21 and Ordinance No. 119 are hereby repealed.

Section 19. That any person, firm or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punishable by a fine of not more than three hundred (300) dollars, or by imprisonment in the city jail for a period of not more than three (3) months, or by both such fine and imprisonment.

Each such person, firm or corporation shall be deemed guilty of a separate offense for every day during any portion of which any violation of any provision of this ordinance is committed, continued or permitted by such person, firm or corporation, and shall be punishable therefor as provided by this ordinance.

Section 20. The City Clerk shall certify to the passage of this ordinance, and shall cause the same to be published once in the Glendale Sentinel-Progress, a weekly newspaper published and circulated in said City.

Adopted this 29th day of January, 1920.

Buying Knowledge

—when you employ a contractor you are buying knowledge.

—so if the man you employ is really proficient in his work in every particular, you are getting more for your money than if he is inexperienced.

—in other words you are not getting the worth of your money if your contractor is not efficient and you are very probably furnishing material for him to experiment with, too.

—we are not trying to disparage the work of any one.

—we are only speaking for ourselves.

—our work in Glendale includes scores of business blocks, public buildings and residences that took us out of the class of experimenters years ago.

—our knowledge of architecture and building enables us to give you the worth of your money when you employ us.

WHY TOMMY WAS CRYING

Tommy came crying out of a room in which his father was tacking down carpet.

"Why, Tommy, what's the matter?" asked his mother.

"P-p-p papa hit his finger with the hammer," sobbed Tommy.

"Well, you needn't cry at a thing like that," comforted his mother. Why didn't you laugh?"

"I did," sobbed Tommy, disconsolately

THE THREEFOLD TALISMAN

By Priscilla Leonard

Make the best of everything!
Bravely seek and find.
Push past trial and defeat
To the joy behind;
Nothing ever was so hard
As it looks to be,
Faith and courage cannot fail
Of their victory.

Think the best of everyone!
Spite and slander shun,
Fill your heart with kindly thoughts,
Judge and mock at none;
For if truth and brotherhood
All your speech control,
Love will prove the golden key
To your neighbor's soul.

Hope the best things for yourself!
Never let despair
Hide the possibilities
You were meant to share;
From your daily doubts and fears
Upward lift your eyes,
Where ahead wait joys as fair
As God's glorious skies.

Speaking about college degrees, a chimney sweep who was complainant in a case in Edinburgh gave his name as Jamie Gregory, LL. D.

"Where on earth did you get that distinction?" asked the attorney.

"It was a fellow frae an Ameriacn university," answered Jamie. "I sweepit his chimney three times. 'I canna pay ye cash, Jamie Gregory,' he says, 'but I'll mak' ye LL. D. an' we'll ca' it quits.' An' he did, sir."—Boston Transcript.

A Washington man proposes that as the United States was in the war 584 days, a Liberty monument to the members of our heroes be erected at the capital, one foot in height for each day, making it 584 feet high, with the names of all who gave their lives engraved on bronze tablets, to be placed in the interior of the monument.

"Politics isn't what it used to be," remarked Senator Sorghum.

"Doesn't the crowd listen to you?"

"Yes. They used to be satisfied to shake hands and listen to a brass band. Now they pay so much attention to my remarks that I've got to be careful what I say."—Washington Star.

COMMENCEMENT

(Continued from Page 1)

sang "Ave Maria" (Mendelssohn), and "At Dewy Morn," (H. Lane Wilson).

Gerald Toll then presented to Mr. Moyse and the school the class gift, a handsome table with an appropriate little speech in which he voiced the regret of the class over the inevitable separation and said that because of their desire to be vividly remembered they had chosen this table to be used as a part of the stage furnishings and to be always a reminder of the midwinter class of 1920.

Principal Moyse received the gift on behalf of the school and complimented the members of the class on the good work they have done and the warm place they will always hold in the regard of the school.

The speaker of the evening, Edward F. Trefz, of the Speakers' Bureau of the Commercial Federation of California, a graduate of Princeton, was then introduced by Principal Moyse with the statement that the orator has many degrees which he might attach to his name, but that he prefers to be addressed simply as "Mister," and this democratic attitude he declared symbolized the man.

Mr. Trefz expressed his embarrassment over the glowing introduction Mr. Moyse had given him, which he declared was entirely undeserved, and after a few preliminary words to the class, plunged into his subject, "America's Freedom and Responsibility." He said many fine and unexpected things in an address rapidly delivered with an ease of manner that charmed his audience, both students and parents, and that drew frequent bursts of applause. He declared that American freedom is something like the religion of the race. "It has been said," he quoted, "that a man's religion is something for which he will argue, something for which he will fight, or even die, but it is also something for which he refuses to live."

"We have fought for liberty on occasions and a few have died for it, but few of us seem to want to live for liberty. We want it to live for us. The United States of America is continually talking about liberty and we are hearing over-much about it right now, but there can be no liberty that does not carry a certain amount of responsibility. Liberty that is not limited by responsibility becomes license and license is always a detriment.

"Man's only liberty is the right to choose his master. Being free in America does not permit us to encroach on the rights and pererogatives of other men. It does not give us the ability or power or permission to say: 'I am just as good as anybody.' Outside of my place I am not 'as good as anybody else.'

"We are hearing a great deal about rights and mighty little about duty. At the present time it would be well to consider the future of America. We have been going along so smoothly we are beginning to think nothing can interrupt the progress of the government called 'The United States of America.' The destruction of nations is not accomplished in revolutionary hours, but in the time of self-satisfaction and complacency, and it is in a time of peace that the foundations of a nation generally are undermined and the superstructure begins to fall. At no time in the history of the United States have things been going so well as now. Not since 1884 has there been so small a percentage of paupers. No one, unless he wants to be, is out of work; no one is wanting for anything in particular, everybody seems to have money. We talk about the high cost of living and blame everybody; but it doesn't matter how much a thing costs if we have the money to pay for it. Over four thousand men and women have been arrested for preaching an actual revolution to overthrow the government. We do not need to have a revolution to change the government of this country, and any person who talks about that sort of thing ought to be swiftly tried and deported. We have discontent and lack of harmony in this country because people do not understand what freedom is. Our liberty is the right of choice and we have equal opportunity before the law to go just as far as we have the capacity to go."

He then dwelt on the fact that the financiers of Wall Street who are now handling the credit of the world for the most part are men who have come up from very humble birth and environment.

He referred to the materialism which had dominated this nation previous to the war which had made money its standard of measurement, and showed how the war had taught men that money does not enter into the great things of life involved in a supreme test. He declared that these low standards had brought about a deterioration of the nation, and the United States of America found itself without a single orator fit to sit at the peace table and only three men qualified to participate in an international conference of statesmen.

"Law in America ought to be a sacred and portentous fact," he said, "We talk of men and women breaking the law of God, but men never break the law of God; it breaks them. If it didn't we would not have death in the world. The laws on our statute books should be such that when men attempt to break the law of the state or the nation, that law will break them. We would then have less of anarchy and discord."

At the conclusion of the address Mr. Moyse introduced Hartley Shaw, president of the Board of Trustees, who congratulated the class and then presented the diplomas.

At the conclusion of this little ceremony there was a brief recess and then the balance of the program which included much enjoyed numbers by members of the class, was given as follows: Saxophone solo, "Cavatina" (Raff) by Gerald Toll, who responded to an encore; vocal solo, "Sylvia," (Oley Speaks) by Louanna McNary; the Class Will, written by Louise Stebbings and read by Walter Howland, which was quite amusing; negro dialect readings by Miss Stebbings.

The last, a crowning number of the program, was the class prophecy, a very clever composition in verse, by Murray Longley, which was read by Miss Mabel G. Henry, who appeared on the darkened stage dressed as a sybil crouched upon the platform at the lefthand side blowing soap bubbles. Following the reading of each verse the lights went out and predictions appeared in shadow on a screen which centered the stage. The motion tableaux produced tumults of laughter and made a great hit. The verses were as follows:

If your future fortunes you would know,
Just gaze into our bubbles irredescent glow.

Walter Higby, a surgeon of great note,
Will take out your appendix and tonsils from your throat.
He also diagnoses things, while looking very wise,
And operates successfully, although the patient dies.

She goes where duty calls her, night and day,
And in the sick room holds full sway.
Louise Stebbings will take your temperature
And with the doctor help your ills to cure.

The stage has claimed one member of our noble class.
She has become a chorus girl, this winsome lass.
Be not surprised if on a program you should see
The name of our old classmate, Elma Kennedy.

Back to the soil and to the simple life he goes,
All of scientific agriculture this man knows.
Now, if your observation powers are good, you will soon see how
The farmer, Francis Bacon, milks his Jersey cow.

Louanna McNary, alas, just see the poor old maid,
Her clothes are prim, her manners stiff and staid.
Her only consolations are her cat and tea,
But deep down in her heart she's as lonely as can be.

Walter Howland, so learned and great,
Is in the Cabinet as Secretary of State.
For President he will run next year,
His only rival will soon appear.

A suffragette is Murray Longley's lot,
By turns sarcastic, for the men, she makes it hot.
Her slogan is "A Woman in the President's chair.
She means to reach it someway, by foul means or fair.

Who is it ties the nuptial knot for many happy pairs,
And for his dear beloved flock who offers up his prayer.
Who from the wiles of Satan tries to save each wicked soul,
Who but our honored minister, the Rev. Gerald Toll.

His life is just one awful endless grind,
But as his pay is good, he does not mind.
His intimates are movie actors great,
For cameraman is Clarence Glaze's fate.

Grace Goudie's beaux she numbered by the score
And reigned supreme o'er all these slaves of yore.
But times have changed—she's now the slave of one.
Behold her boss, her wilful infant son.

For your attention to our bubbles bright,
We thank you all and wish you now good night.

Eighty-two per cent of road traffic in Iowa is motor driven.
